

“I have taken risks”

“I had unprotected sexual intercourse”

“The condom broke”

“I shared my syringe with someone else”

After a risk taking

What do I have to do?

When?	What?	Where?
Before 48h (maximum, the earlier the better)	Go to Emergencies Emergency treatment exists and can prevent you being contaminated by the HIV	Emergencies in Montpellier: <u>LAPEYRONIE</u> 371, avenue du Doyen Gaston Giraud <u>Tel.</u> : 04 67 33 67 33 <u>Tram</u> : Line # 1 <u>Tram stop</u> : Lapeyronie
10-15 days after a risk has been taken	A test is possible (result will not be 100% accurate)	CDAG Montpellier: Hôpital Saint-Eloi 80 avenue Augustin Fliche <u>Tel.</u> : 04 67 33 69 50 <u>Tram</u> : Line # 1 <u>Tram stop</u> : St Éloi/ Universités
3 months after a risk has been taken	Screening test (result accuracy :100%)	CDAG Montpellier: Hôpital Saint-Eloi 80 avenue Augustin Fliche <u>Tel.</u> : 04 67 33 69 50 <u>Tram</u> : Line # 1 <u>Tram stop</u> : St Éloi/ Universités
Practical Information:	<i>STI : Sexually Transmitted Infections</i>	

Where to run some tests?
